### *Red Sands Radio Community Action*

Red Sands Radio is supporting Whitstable Community College's initiative to help train budding future motor mechanics

For practical experience & hands on instruction in their workshops

Instructors are looking for suitable donated vehicles such as early Ford Fiesta's, Vauxhall Astra's or even old Lada's

These are ideal as they can be easily worked on without having to drop out other large parts

If you have a suitable vehicle we'd love to hear from you by email or telephone, details above

*Red Sands Radio Supporting local business, local initiatives & local young people around the county*
